

Prepare Yourself for the Digital Battlefield Skills for the Cybersecurity Workforce

Chris May

Carnegie Mellon University

Technical Manager
Cyber Workforce Development
Software Engineering Institute
CERT® Program

Coordinator
Cyber Forensics and Incident Response Track
M.S. Program in Information Security Technology Management
Information Networking Institute

Abstract

This presentation will focus on what students can do to develop and hone their technical knowledge, skills, and experience to meet the demanding requirements of the global cyber security workforce. Key technical requirements will be discussed and methodologies and resources for gaining expertise will be presented and demonstrated. Finally, a case study will be used (Target Inc. breach) to highlight how technical expertise and critical thinking skills can be applied successfully on today's digital battlefield.

Date: Thursday, February 27, 2014

Time: 1:40 – 2:40 pm

Location: John Jay College of Criminal Justice,
The Moot Court, 6th Floor, New Building
524 West 59th Street (Enter on 10th Avenue)
